

TAYLOR MADE FALL FESTIVAL SAND SCULPTURE CONTEST 2021

SATURDAY, NOVEMBER 6, 2021 – 10AM-2PM

1st PLACE = \$200, 2nd PLACE=\$150, \$3rd PLACE=\$100

The Taylor Made Fall Festival Sand Castle Sculpture Contest (for Amateurs) is a fun family-oriented event open to all ages: family, friends, businesses, nonprofits, churches, etc.

Registration: FREE ENTRY. You can have as many teammates as you would like but no more than 5 can work at a time (team members may rotate in and out) in your designated 15'x15' square area. This is a family event and we ask that your castles and sculptures be done with respect to the festival and community.

Each team will be given a 5-gallon bucket for carrying water from a water tank truck next to castle area. We will be using Taylor County sand mined, donated by Butler Sand Company, and hauled in by Watson Brothers. Each team must supply its own forms and tools for scooping and shaping. You may use hand tools only. No power tools are permitted. Only sand and water may be used for construction. Forms may be used in the construction process but can in no way support the final structure at the time of judging.

Cars may enter the park area to drop off items to work with between 7:30am to 9:30am only. Cars will not be allowed to drive in festival area any other time of the day but use of small wagons will be allowed to carry any items in needed for this contest. Entries will be judged for creativity of concept and design. Winners will of course receive bragging rights and have their picture put on the festival's facebook page and in the local newspaper.

10am -2pm – Sand Castle Building Contest

3pm – Judging and Awards
